01 GREAT SHOW

We went to a show as recommended by a friend and it was HILARIOUS!! Our faces hurt so much from laughing so hard, and I got involved and danced on the stage with the performers! Tricia and Fernando are incredibly talented people, and their jokes are hugely relatable to expats. If you want to have a good time on a dull and rainy Tuesday night, this is for you!!

02 SCREAM OUT LOUD

If you're a foreigner living in or visiting Spain you'll relate to this show of sketches and improvisation. The English-Spanish mix works really well given Fernando's best efforts during some hilarious situations. Simply very very funny. Unique! Most of the audience were Spaniards and they laughed more than I did. If you're in Madrid the night of the show to be highly highly recommended.

03 AMAZING SHOW

Somos una pareja bilingue (español y americana) y lo hemos pasado genial! Ellos hablan en un nivel básico de inglés que todos pueden entender. We could relate to so many of the topics, not only being a Spaniard and American in a relationship but there were so many relevant topics being an English speaker in Madrid. 10/10 would highly recommend!!!

04 DIVERTÍDISIMO SHOW

Este es un espectáculo perfecto para entrenar el oído para los no nativos. La actriz es canadiense y el actor, español, y recrean situaciones divertidísimas resultantes de los malos entendidos que se pueden crear entre nativos y no nativos. Era desternillante ver a Fernando pelearse con el idioma como nos suele pasar a los españoles. Su aportación hace que puedas seguir mejor el hilo si tu inglés no es perfecto, porque habla un inglés como cualquiera de nosotros. También lo recomiendo a los angloparlantes de paso en la ciudad, Fuimos a verlo españoles y nativos y tanto unos como otros nos sentimos reflejados. Los actores tienen una gran vis cómica y mucha química.
